Genghis Khan, the Tartar emperor who conquered China in 1215, was the first to use gunpowder in warfare.

In another case heard by Magistrate Garvin, Elaine Dean, of Delta, was given a suspended sentence and put on probation for one year when she pleaded guilty to stealing \$20 from Mrs. Shein Kaye, 176 College street.

## Lake Family Society in Canada Formed at Ontario Park Picnic

Aug. 23, 1951

**THE FIRST LAKE FAMILY SOCIETY** in Canada was founded last night when some 50 members of one of the oldest families in America held their first reunion at Lake Ontario Park. There are three other branches of the society in various parts of the United States.

The Lake family has been traced back to John Lake who left England in 1636 and settled in what is now the state of New York. He was one of the founders of the Gravesend Plantation, now known as South Brooklyn.

The family grew and prospered until the American colonies decided to break away from England. Some members of the clan, however, remained loyal to Britain. As a result they were dispossessed of all their properties and emigrated to Canada along with other United Empire Loyalists. Later these people founded Ernestown in what is now LeLanox and Addington County.

At last night's meeting which followed an informal picnic, Milton Henry Lake, 224 Stuart street, was elected president of the newly-formed society. James Edlow Lake, 219 Stuart street, was named vice-president and Mrs. Lila Lake Gilchrist, 62 Quebec street, was chosen secretary-treasurer. The executive will meet again later to decide the site and date of next year's reunion.

\* \* \*

The man responsible for the organization of the society is Rev. C. N. MacMillan, a retired Methodist minister. He now lives in Long Beach, Calif., but most of his active years in the ministry

were spent in northwest Iowa. Mr. MacMillan is currently preparing a history of the Lake family to be published in book form. His connection with the Lakes is on his mother's side.

Mr. MacMillan retired from active preaching in 1945 after 50 years in the ministry. Since then he has taken a keen interest in his mother's family history and has travelled all through the United States and parts of Canada in an effort to find members of the Lake clan and bring them closer together. He estimates he has travelled some 178,000 miles and met about 7,000 Lakes to date.

The family is now widely scattered and active reunion groups have already been organized at Ocean City, N.J., Woodburn, Ind., and Salt Lake City, Utah. At a recent reunion, Mr. MacMillan said there were delegates from all parts of the United States and even some from Mexico. He estimates that there are several hundred Lakes in the Kingston district, most of them descendants of the first John Lake.

## History Of Family Makes Big Volume

By CLIFF McINTYRE

A youngster's vow, made over 60 years ago while sitting at his grandmother's feet, "that my people should be remembered," became a reality last year.

Claud Nelson McMillan, the youngster, has climaxed over a half century of research with the publication of the book "A History of My Family and Yours." The Rev. Mr. McMillan, a retired Methodist minister, is the father of Mrs. Eric Peterson, a former resident here.

The book is a genealogical history of five basic families, the Wood, Cramton, Congdon, McMillan and Lake families. In tracing the Lake family tree the Rev. Mr. McMillan devoted several pages to the branch now living in northeastern Indiana.

The Hoosier families are descendants of Thomas Lake, one of the original five families in the study. They became residents of northeastern Indiana through Nathan Lake who left Connecticut with a family of eight children in the year 1834 and journeyed by boat down the Erie Canal to Maumee City.

From Maumee City Nathan Lake, a farmer and lumberman, traveled by wagon with his family to LaGrange, where they settled for a few years on a farm. Later they settled on a farm near Fort Wayne. Here the whole family worked at farming and on the Toledo Wabash Canal being built at that time. There are now several hundred descendants of Nathan Lake living in northeastern Indiana.

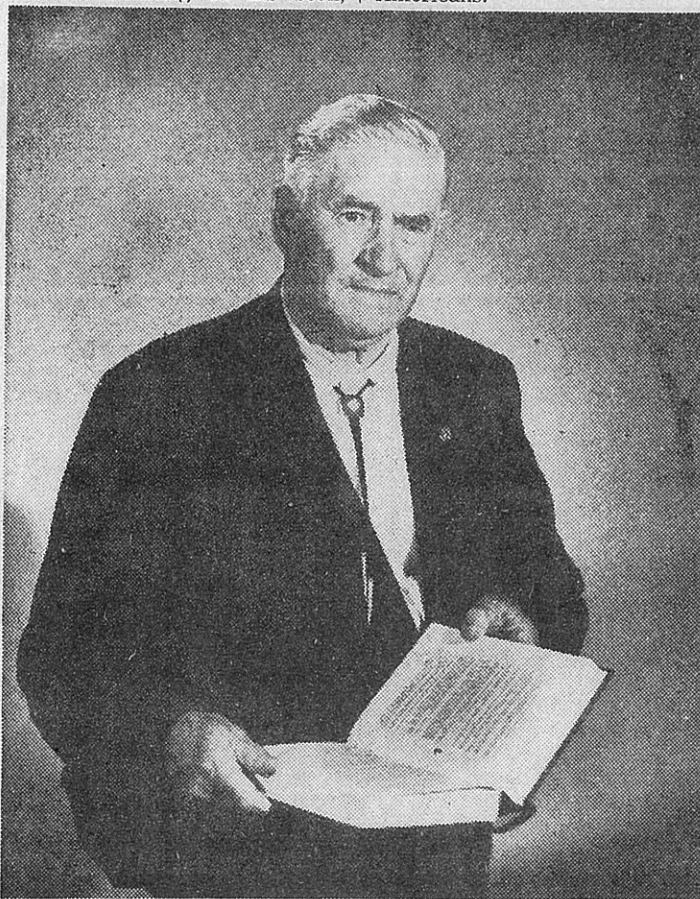

By the same token, the Rev. Mr. McMillan's five original families eventually expanded to include 5,000 families—all indexed in his book.

### Idea From Childhood

The idea for a Herculean project such as this came when McMillan was a little boy listening to his grandmother tell stories about his forbears. From that time on he collected data whenever he could. About 10 years ago, after 41 years as a Methodist minister, the Rev. Mr. McMillan suffered a heart attack. His sons took him with them to California to die, "But wouldn't do it," the Rev. Mr. McMillan, who was in Fort Wayne last week, stated. "I felt

ceived was of such great volume and covered so many things that are not recorded in any history books today, that the Iowa State Library in Des Moines, has asked if they may have it to study and preserve for future generations. In commenting on his book,

the Rev. Mr. McMillan stated "Please keep in mind that while this goes back almost to the beginning of civilized living in America, that few of these people were what you would call great. They were just solid Americans."

**A HERCULEAN TASK** — The Rev. Claud N. McMillan, retired Methodist clergyman, is pictured with a copy of his book "A History of My Family and Yours" which took a half-century of research. The work is gaining wide attention.

Cashing in his life insurance, property and just about everything else he had, he started to work full-time on his book. Since then he has traveled over a half million miles all over the United States, by car and bus, spent \$1,000 on postage alone, and searched in courthouses in every state in the Union and Canada to round out his information.

Last year at the age of 81, Wayside Press of California published the 1,000 page-plus volume.

A TEN-YEAR project has just been completed by Rev. Claude Nelson McMillan, a retired Methodist minister and long-time Long Beach resident now staying at Bell Gardens.

It's the complete genealogical record of five families, from the middle of the sixteenth century to the present time, privately printed in a handsome bound volume titled, "A History of My People and Yours."

The 80-year-old preacher traced the history of the Lakes, Woods, Cramtions, Temples, McMillans and Congdons, traveling half a million miles and working for a decade on the project. There are 5,000 names in the book, which has 822 pages of fine type and includes a complete index.

Rev. McMillan says there is no hope whatsoever of coming out on the black side financially on such a project. Even so, he's glad he did it. The project, he says, has given him interesting work in retirement, and he credits it for keeping him young. He may have some things there. He looks instead of

## Genealogical Record Traces History of Pioneer Family

The author, who is 80 years old, but looks about 60, is a retired Methodist minister, who lives in Bell Gardens, Calif. He has been visiting with the family of William Baily Lake, 166 W. 1st North St., Mr. Lake being a great-grandson of the pioneer James Lake.

## Defies 'Doom,' Writes a Book

(The Register's Iowa News Service)

PRIMGHAR, IA.—The Rev. Claud Nelson McMillan, 80, of Bell Gardens, Cal., former Methodist minister here, has written a 822-page book "after I was supposed to die."

"Ten years ago, a doctor gave me only four months to live," he said on an Iowa visit. "I've fooled everyone by living this long after my second heart attack. Even the doctor who gave me four months is dead."

The Rev. Mr. McMillan moved to California and started writing the book—a history of six family trees—after his first heart attack. He credits his work on the book with "keeping me

Dear sir, To further our  
discussion on the V.E.L.  
in my family, I have  
taken no trips as yet to  
look up "books" etc in  
Bourneville. But after  
writing several relatives I  
have found out my great  
grand father's name was  
Bone his daughter married  
a Webber. Mr Bone lived  
"back" of Criniskellen and  
no one said but my  
mother told us he had a  
tailors store or shop.  
This could have been her  
father or her husband  
Webber. This takes us  
back fine generations  
on my mother's father's  
people.

My grandmother's name  
was Sarah or Susanna

I don't know yet who the  
ladies names were that  
married the Mr Bone  
each, as marked.  
Have you any record  
of the name "Bone"?  
Sarah or Susanna Bone  
had 4 daughters and  
2 sons as far as I can  
know yet.

## PREFACE

When we began with the idea of "A HISTORY OF MY PEOPLE," it involved only going back on the record of my people to the grand, and great grand parents. That is, those whom the writer had known, or known intimately about. In this venture we were greatly encouraged by our Mother who had a wonderful mind and memory, and the stories heard from her aged Mother who had her home in ours during the writer's youth.

From this grandmother we had stories of the trip by a raft down the Alleghaney to the Ohio, to the Mississippi, up to the Rock River, and up the Rock River to northern Illinois, where they were to make their future home.

From an Aunt of my Father, Rachel Lake-Peck, who lived near us in eastern Iowa. She lived to a great age and almost to the last her mind was clear, and she could recall many items distinctly, as the death of John and Margaret Snider-Lake, at Ernestown, Ontario, in the home of her Father John Jacob Lake, in 1835.

These incidents of our youth gave the incentive to know more about the people of our families, whose blood flowed through my own veins. So that in mature life, as we had opportunity, returning to the old home at Wyoming, Iowa, to visit our Mother and this aged aunt, we made copious notes about the family. So this work really began many years ago, and has had some consideration through many years.

Our original purpose was only to go back as far as the great grandparents, but being favored with opportunity for much travel, and thus opportunity to add to our store of data about the various families, our plans broadened. Then we learned of "A Genealogy of the Lake Family," by Dr. Arthur Adams and Sarah Risley, and still later of "The Lake Family," by Devereaux Lake. These served to sharpen our interest, especially in The Lake Family, my Father's Mother's family, who was a descendant of John and Margaret Snider Lake, of Ernest Town, Ontario.

We were further encouraged in our quest by Mrs. Millie Titus, of Tucson, Ariz., who was making a study of The Lake Family, and who assured me that in following through Daniel and William Lake, I was on the wrong track. She loaned me data, had from various sources, showing that the line of John Lake, of Ernest Town, Ontario, ran from Nicholas Lake, of Somerset and Middlesex Counties, in New Jersey.

The National Archives of Canada, at Ottawa, The State University Library at Albany, New York, The Archives Department at Toronto, Ontario, Libraries in Kings County, Brooklyn, and various

other Libraries have given me much assistance, as the State Historical Library at Des Moines, Iowa. The Genealogical Department of the Los Angeles City Library, The Library of Congress at Washington, D.C., to name but a few, have given much assistance. To all these and to many individuals we owe a debt of gratitude and appreciation.

We do not presume to say the work is complete. Nor to assume amount of material, always seeking the truth. We have been that it is completely accurate, although we have sifted a great afforded access to many Family Bibles, individual family histories, a fine manuscript work by Dr. E. Ross Laughlin, M.D., which gives considerable data about the family of one John Lake, who married Mary Laughlin, of his family. All of the above have granted me permission to quote from their work as it impinged upon my own efforts. To all these we render our thanks and gratitude.

This work has grown beyond our fondest dreams, but we offer to the Family and any who may be interested, these efforts to preserve some record of families who have some right to be perpetuated in our history.

The foregoing deals especially with the Lake family. This leaves other families whose blood runs in the author's veins. For records of the family of William Woods, my maternal great-grandfather, have come largely from family records, and from my grandmother, who lived in our home when I was just a boy. For the records of the Congdon family, we are indebted to the Reverend George E. Congdon, a Baptist minister, who spent years gathering data about the Congdon family in America, and who has given me the privilege of using such material as desired from "The Congdon Chronicle."

Material regarding the Cramton family, has been gleaned from various publications, regarding the coming of the first ancestor, Dennis Cramton, a bound boy, who was brought to Connecticut and his time sold to pay his passage. Where possible, notation has been made of our sources.

Sources of data about the McMillan family have been meager indeed, and have been gathered largely from publications regarding this ancient family. This has been supplemented by family recollections and from our mother, who knew the most about my father. Many years ago, Father had some correspondence with the founders of the Macmillan Publishing Company, in which they set forth his relation to the family. Unfortunately this correspondence was lost, as its real value was not recognized after the death of our father.

We do not presume to say this record of our people is full, and in some particulars may not be exactly correct, but we have tried to separate the truth from mere tradition.

So we send this volume forth in the hope that the message it tries to bring may serve to render some service in showing, "the pit from which we were digged." For whatever of value there is therein, we assure the reader we have had much satisfaction in seeking out, and bringing together, the data we here present.

IN YOUR REPLY PLEASE REFER TO:

For several years Reverend Claude N. McMillan has made occasional visits to our library in the search for records of the Lake Family. I have always been impressed with his intense interest, his diligence and care in searching out the materials. Each item, however small, received his attention if he felt it would yield some information. He has always been willing to accept the work of others but only after careful study, consideration and thought.

Reverend McMillan has not been content with what he found in printed books, libraries and other repositories for records, but he has visited in homes and places where he thought data may be found. His work has taken him to many parts of the United States and Canada. A love for his kindred and the desire to put into print the records of their lives and achievements have been the great driving forces in his life for a number of years. I heartily endorse his work and trust that those who use his book will be inspired to more fully appreciate the good deeds and accomplishments of their forefathers and kindred.

Very sincerely,

THE GENEALOGICAL SOCIETY

Dr. H. C. Burligh, Bath, Ontario

Dear Dr. Burligh. - In Oct. 1955 my husband & I called at your office.

At that time had hoped to find some of the Lake family near Bath, - as I remember you had some notes & dates on Cyrus Lake, who, judging by his birth date I thought might have been my fathers brother. I didnt make any notes at that time as had expected to get all that from the Lake book compiled by Mr. McMillan. I havnt been able to connect the family, so there is a missing link someplace.

I believe you said that Cyrus Lake or his family had lived in the

State of Washington; if you have any address I would be very grateful to receive it.

My father also had relatives named Parrot. I find that a Maria Lake married James Parrot in revolutionary times. but haven't been able to trace the family through them either.

If any of the Parrot family live near Bath would you please send me their address? My husband & I still talk about the pleasant trip through eastern Canada and eastern U.S. we hope to make the trip again.

Sincerely

Dear Sir,

Your name was given  
me by Mr. J. C. Boylen of the  
Ontario Historical Society.

I am a descendant of  
Maklow Knight and Francis  
Henry Seple who lived in  
Kingston, Canada, and I wish  
to get the dates on the tombstones  
of these two families.

Francis Henry Seple may  
have been buried at Ernestown  
as his wife, Hannah Lake Seple,  
had had a land grant there in  
1803.

If you cannot supply this in-

Bath, Ontario.

Dear Doctor Burleigh:-

Your letter came to hand early in Dec, and should have been answered at once, BUT, had nothing definite to report relative to Dennis or Daniel Lake.

I have gone through all my accumulated material without finding the desired information. After our correspondence in 1951, I wrote to the Township Clerk, of Portland Twp, Harrow-smith seeking information, and had the following response:-

" No record kept of date mentioned, (presumably 1800-03-04) I have furnished a Miss Lake Kingston, (Ethel M. Lake, 18-Division, st,) who has been a great help to me in my investigations,) with what information I could secure, where a Mr Dennis Lake owned a farm in the 3rd Con of Portland years ago. I gave her the name & address of decendants still living on the property purchased years ago from Mr Lake.

Yours truly. Thos A. Kew, Clerk."

Miss Lake was going to follow through on this meager data, but have nothing further from her.

Recently I had an inquiry from a Mr Wilson A. Stewart, of 252-Montreal st. Kingston, a geneologist, who is checking cemetery records and gravestones about Kingston, who wanted the same data you have asked for, and I told him what little I know. I wondered if you have had contact with him?

I have a borrowed copy of the exhaustive record by Dr E. Ross Laughlin, of 19-Woodlawn Ave, Northampton, Mass, where he was serving in The Vetrans Hospital. I have had much help and encouragement from Dr Laughlin, whose lines converge with the Lake records. I have--just this morning--again gone entirely through this manuscript, without finding what you seek. Fortunately Dr Laughlin has given me permission to use what I need from his manuscript, and this has been valuable to me.

I shall keep your inquiry in mind and shall transmit to you any data I can find, but felt I must write now, even tho so unsatisfactory, as it is.

In spite of my delay in responding to your appeal, I do appreciate your assistance, when I was in Bath, in 1951. I may never again make that long journey, yet I should like to come that way in 1953, as hope to return to the middle east again in June as this marks my fiftieth anniversary in the Northwest Iowa Conference of The Methodist Church.

Am hoping to have my manuscript ready for the Publishers early in 1953. Am being crowded to close the record and submit it early this year.

With all good wishes for the New Year. I am. Sincerely.

## Veteran of Riel Rebellion Marks His 94th Birthday

Can. 23, 1952

NAPANEE — A veteran of the Riel Rebellion in Western Canada, who farmed near here in the days when there were no radios, automobiles, hydro or telephones, Charles Lake of Morven, celebrated his 94th birthday this week. He was born at Napanee, a block from what was then the Campbell House Hotel, and his father, James Parker Lake, was a carriage maker at that time. His mother was the former Amy Gordanier of the Morven district.

Mr. Lake has lived in this district all his life except for 16 years which he spent ranching about 40 miles from Saskatoon, Sask. He returned here in 1900 and bought a farm which he later sold to its present owner, Robert Green, near the farm on which Mr. Lake now lives. At that time, Mr. Lake recalled for a Whig-Standard reporter, he paid a contractor \$3 per day to work from daylight to dark, putting up the buildings, while the two helpers received \$2 and \$1.50 per day.

\* \* \*

"I spent a year in the west before I was married and then took my bride out, a journey which took three days and four nights by train, to the end of the line, and then 160 miles by team," Mr. Lake recalls. He considers his years spent out west his happiest and recalls with relish many incidents pertaining to the Riel uprisings. One winter the Riel men cut the telegraph wires in the area and Mr. Lake and another man walked through deep snow and 35 to 40 degrees below cold, to find the break and mend it. Their 60-mile journey, sleeping in snowbanks at night, took them eight days.

This fine old gentleman, keen of mind, hearing and sight yet, still moves like a man much younger in years and is the possessor of a keen mind and fine sense of humor. He is the last of a family of two sons and two daughters and the only member of his generation still living is a sister-in-law, Mrs. Frank Lake of Morven.

Mr. Lake has three daughters, Mrs. Archie Winters of Morven, with whom he lives; Mrs. Irwin Sharpe of Bath, and Mrs. Clayton Garrison of Oshawa. A son died in infancy.

\* \* \*

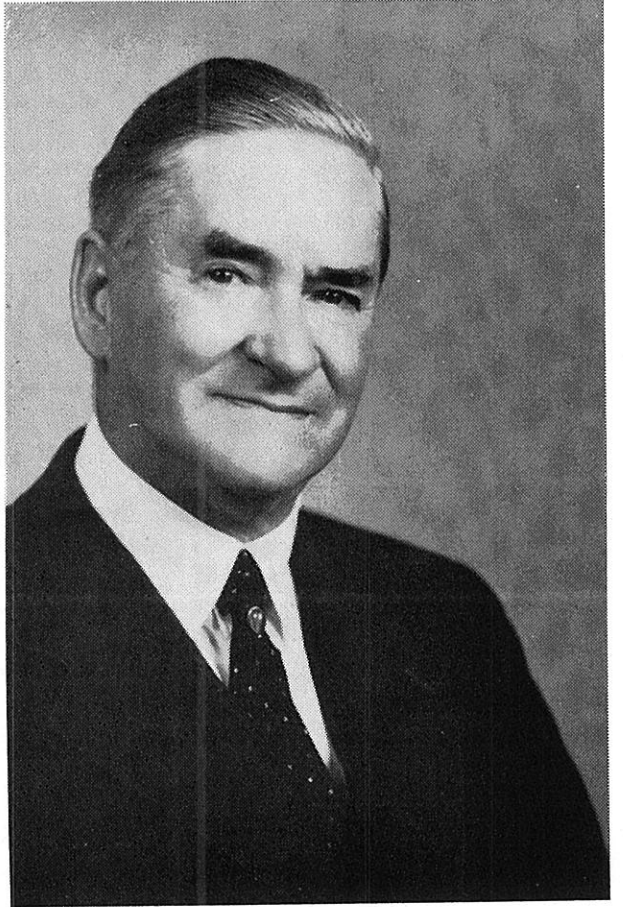

If Mr. Lake has any recipe for his longevity, it is perhaps that he has a leaning for hard work. He has never smoked, drank or chewed and it is evident that throughout his long life he has been, and still is, interested in what goes on in the world.

"People are in too much of a hurry today," he feels, "but perhaps that's the nature of life now. Everybody seems to be in a rush."

**"I lied and

TO LIBRARIANS, FAMILY and FRIENDS;

After years of steady, persistent toil, with many thousands of miles of travel, visiting in many homes, seeking family bibles and other family records. Visiting scores of Libraries, cemeteries and burial grounds, to copy records and inscriptions. Visiting Court Houses to check and verify records. After years of toil and endeavours;

" A HISTORY OF MY PEOPLE AND YOURS," has been published by The WAYSIDE PRESS, INC. of Los Angeles, California.

THE BOOK is well documented. Is illustrated. An exhaustive index, with over five thousand names. Has Family names. Professions, Addresses, where still living. Military records, where obtainable, from the Revolutionary French and Indian wars, to the present.

The HISTORICAL portion includes many documents NEVER BEFORE PUBLISHED. Narrative and descriptive information from the middle sixteen thirties, and deals with lines of descent in both The American and Canadian Colonies.

Has The Lake Family Coat of Arms. The Mc Millan plaid. Six lines of descent are traced. Lake, two lines, Thomas of New Haven, Conn, and John, who was one of the Founders of the Gravesend Plantation, under the Dutch, in 1642, on land granted by the then Dutch Governor, on Long Island, New York. Now South Brooklyn. Also The Woods, Gramtons, Congdon's, Allen and Mc Millan Families. The Mc Millan Clan was the FIRST Clan, organized in Scotland in the eleventh century.

This is a volume of over eight hundred pages. Well illustrated. Bound in Red Library Buckram, with gold lettering. Would be a VALUABLE ADDITION to any Library. In fact many State and Large Libraries already have purchased copies. It is well suited as a wedding, or other gift.

Material gathered has already been of value in settling estates, establishing dates of birth, for many purposes.

The Book was privately published, The Author assuming the cost of publication. Copies can be had from the Author. Price is \$10.00 ten dollars. Add 24¢ for postage. In California add an additional 40 cents for tax, making in California, \$10.64 ( ten sixty-four ) per copy. Elsewhere Ten dollars, twenty-four cents.

Dear Sir:

In a recent visit to Belleville I had occasion to talk with Mr. Earl Denyes, the County Clerk, who gave me your name. Peter Sene of Sidney Township was my great-great-grandfather, and our information as to his family begins only with the statement that he was born in Westchester Co. N. Y. in 1763; he married Mary Harison, who was born in 1760.

We have mention of the fact that one Letty Lake, daughter of Nicholas Lake who married a John Sene was granted 200 acres of land in Burgess Twp. in 1812. I am told that those who may have married into United Empire Loyalist families were much better recorded, biographically, than similar occurrences here in the States.

Most of our family records, I find, are conspicuous by their lack of recording. If your records do contain any data in regard to Mr. John Sims, I should very much appreciate a copy, and would be glad to repay any expense attached. I am of the belief that John could have been either the son, or perhaps the brother of Peter. If so, any data concerning his family would be of considerable assistance to me in completing my records.

Mr. Denyes and myself found ourselves to be some sort of 4<sup>th</sup> 3<sup>rd</sup> cousins. For my part, I am proud of the fact that I might be somehow related to such an agreeable gentleman. Thanking you in advance, I am enclosing an addressed envelope for your use. I have no Canadian stamps left, so I must leave it unstamped. I find myself. Very gratefully yours

Dear Doctor:-

Your letter of Feb, 5th. at hand and I note what you say of the records you have at hand. Am wondering if the Lake Family, record you have is the same as that written by Dr E. Ross Laughlin, formerly of near Kingston, but now with the Veterans Hospital Service in Massachusetts.

I have had much correspondence with Dr Laughlin, some of whose people intermarried with the Lake and Stover Families. He did not have but one copy left, and was not willing to sell that. But I was able to borrow one from a member of The Lake Family. Dr Laughlin did give me permission to use such data in his book as I wished. Too, he sent me many excerpts from his work before I was able to borrow a copy.

Am well aware that it is asking much, but would you be willing to loan me your book on The Lake, Stover, families, together with the listing of cemeteries? I would be willing to pay postage and insurance on them, together with any fee you might require.

I put it this way because another member of the widely flung Lake Family sent to me insured, a quantity of material his Father had been gathering through the years. He is with The DuPont People at Wilmington, Delaware. Then he wrote me that he was coming to Los Angeles on business for his firm, and would visit me here in Long Beach. This he did and we had a real talk over family matters, in the course of while he let it out that before being willing to send this material to a stranger, he had had a client of his firm in Los Angeles, check upon me, and their response was entirely favorable. I did not know when or by whome.

I may say that through this material I have been able to push the Lake Family much farther back than previously, and to connect them with Sir Edward Lake, who came to Massachusetts Bay Colony in 1631, then returned to England and somewhat later died. Then Thomas, his Brother came in 1634, and John, our immediate ancestor in 1636. He was one of the founders of The Gravesend Plantation, on Long Island, with Lady Moody and Sir Henry Moody, her son.

A son, Thomas Lake, son of Thomas Lake of New Haven, Conn, succeeded to the title, upon the death of Sir Edward, and returned to England to enquire the estate.

I sincerely trust you will be willing thus to favor me, although I am aware that I am asking much of you. It will not mean much to you, but am enclosing a copy of a cut of myself, that you, at least may see what your correspondent looks like. My Children, say it is a good likeness.

Thanking you in advance for, what I trust may be a favorable consideration of my request. I am.

Yours sincerely,

Dear Doctor:-

Mrs Mahala Waywell, of Toronto, with whome I have had much correspondence, has assured me that you have cemetery records of a number of cemeteries in and about Bath. Is this correct?

I am particularly interested in the LAKE? The Stover, and the Lucas Families. My Father was Dennis Lucas Mc Millan, eldest son of Charles Patterson Mc Millan, and Caroline Lake. She the dau of John Jacob Lake, of John Lake, Jr, of John Lake, U.E.Loyalist. In fact John Lake Jr was also a U.E.Loyalist, and had served with the British troops in the Revolutionary War.

John Lake, who had married Margaret Snider, in New Jersey, before coming to Old Albany Co, in New York, with his family, settled at Ernestown in the Counties of Lennox and Addington, Ontario, in the late 1700ds. Some of his children were married prior to their coming to Ontario. There were five sons of this John Lake, U.E.Loyalist. They were, Thomas, Nicholas, John, Jr, James and Christopher. There were also three daughters, namely, Elizabeth, Mary, who married James Lake, Jr, and Margaret, who -m- Col. James Parrott, who settled on Lot 26, in the first concession, at Ernestown.

James Lake -m- Margaret Hagerman-Lucas, by whome he had his family, ~~XXXXX~~ ~~XX~~ of eight children.

I am writing A HISTORY OF MY PEOPLE, which includes the Lake Family, as my Grand Mother was Caroline Lake, dau of John Jacob Lake. His first Cousin James Lake, Jr, fell in with The Young Brothers, Brigham, Hiram, etc, and entered the Mormon Church, coming to Ohio, and with his sons, aiding in the building of their first Temple. Then later on, helping to build their Temple at Nauvoo, Ill. Still later coming to Salt Lake City, Ogden and finally living and dying at Oxford, Idaho.

The family of this James Lake is a large one, and the Lake Family of Utah are much interested in the work I am doing as it will include their family.

I shall be very grateful for such aid as you can give me, regarding early members of these families, in the Bay of Quinty territory, as they settled in that vicinity.

A Brother of John Lake, Thomas Lake, by name, and also an U.E.Loyalist, came to Ontario about the same time, but he settled at or near Wolford, in Augusta Twp, Greenville, Co. Ontario.

Thank you in advance for such help as you can furnish me.

Very truly yours.

Dear Doctor Burleigh;- Although I have been trying for several years to discover the descendants of Nathan Lake I have been unable to do so and I was wondering if you had any data that might help me. Nathan Lake born 1808 was the son of John Lake and Mary Laughlin who lived in Storrington Township. Nathan owned a farm near Battersea, Ont. and married either Julia ~~Van~~ VanValkenberg or Julia Keeler. He moved away from Battersea a long time ago but I have been unable to ascertain the year he moved or where he went to. I would be grateful for any information you have.

If you are collecting Burleigh data, there was a William Burleigh who lived at Marlbank when I was a boy. He had a son Frank but had other children too I think.

Trusting you are well and the world is using you good, I am

CLAUD NELSON McMILLAN

Retired Minister

The Methodist Church.  
Northwest Iowa Conference.

1879-Locust avenue  
Long Beach-6-Cal.  
March 27th, 1948.

Dr H. C. Burleigh  
Bath, Ontario.

Dear Doctor:-

I am of the Family of Lake's, and am writing The History of my family. This includes The Mc Millan, The Lake's, The Stover's and allied families.

My trouble is I did not wake up to this while my Father was living, or could have gotten much necessary data from him. But now am a heart case, and to keep me alive, the Doctors told me I should get a hobby and then ride it. I had the Hobby, as have worked on this History as time afforded a busy Methodist Minister. Now am giving it all my time, and have some hopes of getting it to the Publishers this year.

Am now doing this work the hard way and am asking every where of those who can help me, for some help. You have been suggested to me by Dr E. Ross Laughlin M.D. now of Willard, New York, as one who could give me help in my quest.

My Father's Mother was Caroline Lake, daughter of John Jacob Lake, -B- Dec. 4th, 1788, at Ernestown, Ontario. He was -M- to Sarah Stover of Ernestown on July 29th, 1810, at Ernestown. James Lake and Laurence Stover & wife were witnesses at their marriage.

My information is that his Father and Mother lived to a great age. When they had passed away, John J. & Family came to southern Wisconsin in 1836, and settled near Beloit. Then in 1842 they moved into Winnebago Co, Illinois, however but a short distance from Beloit, south. All the family came with John J. Lake except my Grand Mother who had married Charles Patterson Mc Millan, who was a Minister in The Church of God, and traveled extensively on Missionary Journeys for his Church. On such a journey he died in Belgium about the time of the Cival War, and is buried there.

On a business trip to Canada in 1850, John J. Lake sickened and died,. Am not yet sure whether in the home of his daughter Caroline Mc Millan, or at Ernestown. Have understood he was buried at Ernestown and again have word that he lies buried in the Alger Cemetary at Colborn. Caroline Lake-Mc Millan eldest daughter -m- Daniel Henry Alger, of an old family at Colborn. Their entire family, with one exception, now live in western Canada, but the younger generation can not help me much. The older ones are gone.

I have Dr Arthur Adams Book, "The Lake Family," but it gives so little about the Canadian Royalist family of Lake's. However this family did go to Ernestown before or during the American Revolution, and it seems they have all come out from there or thereabouts. I have the record in full from John down, but am seeking the link from Daniel Lake-3- to John J. Dr Adams assure me I am in this line, but can give me no help. Dr E. Ross Laughlin says the same, but his work has been with the Stover Family.

Now I shall greatly appreciate your help in my quest, or a suggestion of some one who can give me some assistance. Thanking you most kindly for consideration in this matter. I am;

Very sincerely yours.

My Dear Sir:

You have been referred to, as working on the Lake records, by Ottawa informants, whom I have contacted relative to some of our people who went to Canada in 1820 - The Bingham - and we find, from meager data, that a sister of our grandfather (Jermiah Bingham) married a man by the name of Lake - Betsy was her name.

Do you have such a marriage? or any others with Bingham, or Wiltsie? (Wiltsie)

I thank you for a reply as to your findings.

Sincerely yours

Arthur S. Lassen

Lake of Gravesend.

John, of Gravesend, = Ann, daughter of Thomas Spicer.

He was associated in the first Town Patent of Gravesend on Dec. 19, 1645.

This Spicer's will of Sept. 30, 1658, proved Nov. 4, 1658 mentions that Anne married John Lake.

Spicer's wife was Michal. He was in 1658 one of the magistrates of Gravesend. This will mentions three children of John Lake.

John Lake died before Aug. 4, 1696 and left no will. Anne was living as late as 1709.

We find in the Gravesend records mention of dealings of Anne, widow of John Lake, with her eldest son John, of transactions between John and his brother Daniel, of transactions between Anne and her son-in-law Nicholas Stillwell; of the marriage of Margaret Lake and William Goulding, Apr. 2, 1676; besides mention of William and Elizabeth Lake, other children of John and Anne (Spicer) Lake.

John Lake, Jr., remained in Gravesend and is the ancestor of the branch of the family still resident there. Daniel removed to Staten Island, and is the ancestor of the Staten Island branch of the family.

Children

### Lake of Gravesend (2)

2. Daniel (John'). His name appears on the Gravesend assessment roll in 1683. July 12, 1694 he bought land in Gravesend of his brother John. In 1689 he was appointed lieutenant for Gravesend. About 1695 he removed to Staten Island, where Dec. 21, 1696, he conveyed meadow land in Gravesend to Reinier Van Dickler. In 1683 he married Alice or Abigail Stillwell, daughter of Nicholas the first, who was born in 1645. Her first husband, whom she married Oct. 26, 1665, was Samuel, son of Rev. Obadiah Holmes; her second husband was William Osborn, whom she married in 1680. She had six children by her first husband. Probably Alice Stillwell was the second wife of Daniel Lake, for there are indications that he had at least two children too old to be born later than 1683, who are not mentioned in the Stillwell Book.

#### U. S. Loyalist Lake Family of Canada.

1. This family is a branch of the Staten Island family, and, according to data furnished by Mr. John N. Lake, of Toronto, is descended from Daniel Lake (John') through his son John. This John would seem to have been

## Lake of Gravesend (3)

the eldest son of Daniel and Alice (Stillwell) Lake,  
 (Editor's Footnote: It would seem impossible that the  
 founder of the Canadian branch of the family could have  
 been a son of Daniel and Alice (Stillwell) Lake. Probably he  
 was a son of William Lake (Daniel<sup>3</sup> Daniel<sup>2</sup> John<sup>1</sup>).  
 John, son of Daniel<sup>2</sup> must have been born soon after 1683.  
 He may, of course, have been a son of John (Daniel<sup>2</sup>, John<sup>1</sup>).  
 Further light is much to be desired) and Mr. Lake says  
 owned the homestead. John Lake, showing the quality  
 of loyalty to the Crown as characteristic of the early English  
 Lakes, adhered to the side of the Mother Country in the Revolu-  
 tion, and entered the British Army. His property was  
 confiscated, and after the war, with many other loyalists,  
 he went to Canada and settled near Bath, in the Township  
 of Ernesttown. He was born, probably, between 1725 & 1730;  
 his wife was Margaret Snider; both died at a great age at  
 the home of their son John.

## Children

- 1 John
- 2 James born 1760, died 1839; married Margaret,  
 born 1756, died 1833. Buried in the old cemetery at  
 Ernesttown, Ont.
- 3 A daughter who married Col. James Parrott of her  
 father's regiment. Col. Parrott also settled in Canada.

John Lake (John) (his). According to Mr. John N. Lake's data,  
 he was born about 1760 and died about 1835. He was twice  
 married, his first wife being a Van Voorhees, and his  
 second a Mrs. Doran. All his children were by the first  
 wife. John Lake was a class leader in the Methodist  
 Church. He was also a local preacher, and gave much of  
 his time, without remuneration, to the work of the

Church. Mr. John N. Lake says that his grandmother at the time of a great revival, when all her children had professed conversion, prayed that if any of her children were to "backslide", she might die first. Arising from her knees, she soon fell ill, and died in a short time. Most of the children soon lost their love for the church and were not reclaimed for years.

Children

- 1 Benjamin

3. Benjamin Lake (John, John). He was born about 1780. He lived in the Township of Portland, Co. Frontenac, Ontario. He married a Miss Lake, probably a first cousin. He was a farmer and a Methodist.

Children

- 1 William
- 2 John
- 3 Ira
- 4 Dennis. He was an able business man and became wealthy.

4 James Lake (John, John). He was born Mar. 5, 1793 and died Oct 18, 1867. About 1813 he married Mary Storms. In 1821 he married Margaret, daughter of John Bell of Ernesttown. The Bells were loyalists, but did not go to Canada until about 1819. He was a Methodist, and a contracting

builder in Lanesdown, Co. Lennox, Ontario.

THE LAKE FAMILY (by E. Ross Laughlin, M.D.)

August 20, 1938.

The connecting links between the earliest Lake settlers in America and the present Lake descendants ~~is~~ are sometimes broken. Also immigration has brought other Lakes to our shores from time to time especially in the nineteenth & twentieth centuries. There are many Lakes scattered all over United States & Canada. Many of them had large families and lived to a very old age.

There is a large branch of the Lake family in the State of Indiana. They hold reunions & have a written family history. Write to Dr. G. N. Lake, M.D. at Pleasant Lake, Indiana for data about this family.

There are many Lakes living in New Jersey and the New England States. This branch of the family has annual reunions & a written family history. For data about this branch write Professor Arthur Adams, Trinity College, Hartford, Conn. c/o Librarians Office.

The first mention of Lakes in America was THOMAS LAKE who was granted a strip of 40 miles of land along the Kennebec River. He was the joint owner of Arowsick Island with Capt. Thomas Clarke of Boston but unfortunately Thomas Lake was killed by the Indians on Arowsick Island on the morning of August 14, 1676. Arowsick Is. is on the east side of the Kennebec River opposite Fort Popham. This Thomas Lake was a brother of Sir Edward Lake, Erbyin, Lincolnshire, England.

Strange to say, there were two other Thomas Lakes in Boston at about this time. One was a tailor and the other a prominent merchant.

Another THOMAS LAKE came to America with the second immigration in 1640. He joined the Church ~~in~~ on Oct. 20, 1640 and in the Dorchester, Mass. Burial Ground is a double headstone, on one side of which is "Thomas Lake 70 years, deceased Oct. 27, 1678" and on the other side is "ELS LAKE, aged 80 years, deceased Oct. 20, 1678".

It is also on record that the wife of Henry Lake suffered for witchcraft in Dorchester, Mass. in 1704.

The first town patent of Gravesend, Long Island, was granted by Governor Kieft, Dec. 19, 1645 to, Lady Moody, Sir Henry Moody, and 39 associates, among whom were, John Lake, Thomas Spicer and others.

JOHN LAKE—married Anne Spicer, daughter of Thomas Spicer. He died previous to Aug. 4, 1696, when his will was filed. He left the following children;—(1) John (2) DANIEL (3) Margaret (4) William (5) Elizabeth (6) Michael

DANIEL LAKE (son of John Lake above)—He moved to Staten Island. He was married in 1683 to either Alice or Abigail Stillwell, daughter of Nicholas Stillwell. It is stated that both Daniel & his wife had one previous marriage but we are ignorant of the details. Daniel Lake and Miss Stillwell had the following children by their union;—(1) JOHN (2) ABRAHAM (3) Elizabeth (4) Thomas (5) Ann (6) William

Daniel Lake died in 1760.

JOHN LAKE—(son of Daniel)—It is said he was born between 1725 & 1730. He married Margaret Snider. It is said that he fought on the British side during the American Revolution, and that he emigrated to Upper Canada at the close of the War. ~~It is possible that he is being confused with his son John.~~ It is said he died at the home of his son John in Ernestown Twp Upper Canada. He served under Gen. Burgoyne in the New York Royal Rangers and after he emigrated to Upper Canada he was given lot 27, 1st. concession Ernestown Township. Lot 26 was settled by James Parrot & lot 28 by John Caldwell. In John Lakes petition for Crown lands he says that he lost a large property on account of being a loyalist. He had the following children; (1) Thomas (2) Nicholas (3) James (4) Christopher (5) John (6) Margaret

Margaret Lake—she married Colonel James Parrott who settled on lot 26, 1st. concession, Ernest Town.

All of the sons of John Lake, viz. Thomas, Nicholas, James, Christopher and John were United Empire Loyalists, having served with British forces in the War of American Independence. Following is an account of these sons;-

JOHN LAKE Jr.- He was born in 1760. He died in 1835. He was married twice; first to Miss VanVoorhees about 1785.-Second he married Mrs. Doran. He had the following children;-

(1) Benjamin born about 1787 (2) Nicholas (3) John (4) James (5) William (6) Catherine (7) Ailse (8) Anna (9) Margaret

THE METHODIST CHURCH

Retired.

1879--Locust ave.

Long Beach-6-Calif.

December 26th. 1951.

Dr H. C. Burleigh, M.D.

Bath, Ontario.

Dear Doctor:-

You will have come to the conclusion that I am an ungrateful person, that at the least I might have acknowledged your letter of Sept. 4th, that awaited my return to Long Beach. Wekk, frankly am ashamed at the delay and will not spend your time by a long explanation, save to say, first our youngest son returned from Iowa with his family, and me as we came to California again. He formerly lived with me here. He is the Son who was a P.O.W. of the Japs and was in Japan forty two months. Is afflicted with Beri Beri and it has not yeilded to treatment thus far, so his Doctors advised that he return to a warmer climate and wanted him near the great V.A. Hospital here in Long Beach.

Well, have been helping him get settled, buying a home, etc, and e tc. BUT, have not been idle as to your problem, as to which Lake married a Randolph, and have had inquiries afloat asking for help. BUT, others have been as slow about replying as have I. Still I have good hope of getting the desired information. Shall report as soon as it reaches me, if ever. I do not find in my records the information you desire, but am reaching for same.

Now may I answer your first question in your note as above. My trip has been amazingly fruitful. Besides the data secured from you, and from others as well as cemetery records in Ontario, will require some time to digest and get into my records. Am working at this as fast as I can.

I came from Kingston to Hoosic Falls, where live other Lakes of our Kin. Decendents of the families who were granted large tracts of land in Washington and Rensler Counties in New York.

Upon the living room wall of one of these I found, framed under glass, the original parchment of the grant of five thousand acres of land lying in what is now Washington County. My Cousin's daughter in law had been a typist, so we removed this parchment from its frame and I read and interpreted same and she typed it out for me, then we re-read and corrected her record and she re-wrote it, so it is complete and readable, yet with all the original spelling and queer marks throught the record. This should be in some great library what it would not be endangered by fire, etc. BUT, doubt if my Cousin would agree to part therewith, NOW.

Too, she loaned me a mass of original material. Some parchments, deeds, bills of sale, accounts, agreements as betwene The Lake's and others. Of these I have had copies made and some photostated, as dificult to copy. These give the divisions of land granted to The Lake's and others. Aarent Van Courlaer was the brother-in-law of John, Thomas, James and Nicholas Lake, each of whome recieved a thousand acres.

Garrett Lake, son of James, of Nicholas, of John, Jr, of John, of Gravesend Long Island, lived on their part of this grant, and with his wife and two daughters are buried thereon, in the door yard of the home. During this year this grave yard has been restored, the lot filled in, cement slabs laid over, each grave, then the high slab grave stones were laid in this cement, so will be premanent. Some of the slabs were cracked or broken. Now all can be readily read.

About this grave yard is a permanent fence, with posts of sawn slate, with holes bored through these posts and 1/4 in rods passed through, with a place of opening on one side.

Near this grave yard is an old house built by the Indian chief who had previously owned a part of this land. I have a copy of the deed from this Indian Chief to the British, who then granted it to The Lake's & Van Courlaer. This was a frame house, the lumber having been cut with broad axes. I saw sheeting planks eighteen inches wide, as well as all the frame lumber. This house was built in 1711, and the signature of The Chief of The Owl Tribe is carved on the mantle. I have a rub of this signature.

There is a family now living in this house and it is being restored as it originally was, and will be endowed as a permanent memorial. When on the Battlefield of Bennington, you doubtless saw the Base Relief of the Battle Field. Well, this old house is the only one shown upon that plan of the Battle. It stands upon a hill about as high as the hill upon which the battle was fought. At the time of that battle, Abraham Lake lived in the house. He also was a son of Nicholas Lake, of New Jersey, and this was James Lake's allotment.

The Battle of Bennington was fought upon this five thousand acre grant. I do not yet know upon which of the Lake's allotment this was, but hope to learn. At least James allotment is near at hand.

Nearly all of the children of John Lake, of Ernest Town were born at White Creek, on this grant of land.

Then there was a second grant of ten thousand acres, granted to other's of the son's of Nicholas Lake, his sons-in-law and others, whose sons or daughters married into the Lake family, as did Aarent Van Courlaer, who -m- Mary Lake. So far as I have been able to learn, Aarent Van Courlaer and Mary Lake left no issue.

This Van Courlaer was the third of his name. His father was called, almost a god by the Indians, while his grand Father Aarent Van Courlaer founded Schenectady, Ny, and the third Van Courlaer was born two years before the first massacre at Schenectady. His father was drowned in Lake Van Courlaer, which is now called Lake Champlain--not sure this is the spelling--

I stood beside the grave of this Van Courlaer, who -m- Mary Lake, where on the gravestone it relates that he died in his 107'th year. This small grave yard is not far from White Creek, N.Y.

The present owner of The old Lake Home is a writer, who is restoring the old house with loving hands and plans to endow it so it will be a permanent memorial. He has a statement made by the Architect and Engineer who cast and placed the memorial on the hilltop of the Battlefield, stating that it was the only house standing at the time of that battle.

In that battle was on the British side, John Hogle, who had -m- Margaret Lake and had two son's, Sebastian and James, who later recieved his pay and settlement, and who lived with their uncle James Parrott. I have some record of the family of this Sebastian Lake, who had a nickname, as you, perhaps know.

On the side of the Colonies in that battle was my ancestor on my Mothers side, who was Neriah Cramton, one of the founders of Vermont, and who, with his eldest son Neriah Cramton, was at the Battle of Lake Erie. My Mothers Father, Peter Cramton was the fourteenth child of Neriah Cramton and Margaret Wallace, who was of the same family as Lord Corn Wallace--who by the family was dubbed cob wallace. Strange how these lines converge.

Then Dorcas Lucinda Woods, who -m- Peter Cramton, was a dau of William Wood a decendant of James Woods who came to Massachusetts Bay colony in 1636. She was Mother to my Mother, Olive Cramton-Mc Millan. Their record I have completed.

Dennis Cramton, the first of the name to come to America, came as a bound boy in 1636, later became a freed man, and a large property holder in Mass, but whose family went to Vermont. A daughter of this Dennis Cramton-m- one who became head of The Scribner Family, great publishers.

My Cousin, Mrs Amity Lake-Quackenbush's husband was a decendant of the Quackenbush who was one of the grantees of the ten thousand acre grant of land, which lay directly south of the five thousand acre grant, in what became Rennsler County, and the line betwene that and Washington County, is the division betwene the two grants.

This cousin drove me all over that country, explaining all points as we drove. While upon the battlefield, I came near passing out--although she knew nothing of that. Thought I would have a stroke there, but managed to get back into her car, without attracting attention, but was I glad she was driving. By the time we reached the old Indian Chief's house, I was able to get about and see what was interesting, and hear again the story of the house. Later I was in and all over the old house several times.

If you have had the courage to read this far, you will understand what I was doing while about White Creek and Hoosiac Falls, those days. Of course I also met many others of the KINSFOLKS, who are much interested in my task.

Dr Arthur Adams did not know about all this when he wrote, with his Cous Sarah Risley, "The Geneology of The Lake Family." Now out of print, but a very valuable volum. He just did not have the Canadian Royalist Lake's right what he had was from The Rev. John N. Lake of Toronto, as he states in his book. Now he is urging me to complete my record, and has promised to write a foreword thereto.

In his book, he says it was not sure whether the original John Lake, of Gravesend married Anne Spicer before coming to the Colonies or afterwards. But only withing the past few days I have the record that they were -m- in 1649. When I learned of the date of baptism of their first child, John Jr, in 1651-I wondered what they were doing all the years since first arriving in 1636. Too, my correspondent states that this John Lake--while one of the founders of Gravesend-- lived in the home of Thomas Spicer before his marri: so it would seem that both he and Anne were but young children, as girls usually married as soon as they reached sixteen or eighteen and the boys as soon as the girls were willing. The date of their marriage is thus, revealing.

Their first son John Jr, or Jan as shown in the Bap. records, had as children, --he -m- Neeltje Claessen--i-Jan, bp. April 16, 1688; ii-Daniel, bp, April 25, 1696, (whome Dr Adams has as ancestor of the Canadian Royalist Lake ), ii-Thomas., iv-Nicholas, who was actually ancestor of The Royalist Lake's as well as many others; and v- Mary, -m- Cornelius an Sicklen. (see page-10- of Dr Adams book.)

Dr Adams follows his line through William Lake of Great Egg Harbour, in Old Gloucester County, N.J. the vi-child of John Lake and Anne Spicer-Lake, whose record he deals with specifically, and who form the group who hold The Lake Family Reunions at Ocean City, etc. in N.J. & of which Dr Adams is Secretary.

Then Mr Devereaux Lake--then of Ohio, but now living at Altadena, Calif-- and whome I frequently visit, and who has given me much help and inspiratio wrote a fine history of the Southern Lake Family, who decended through Richard Lake, of Hunterdon Co, N.J. and so back through William, to John Lak of Gravesend, L.I. This, too, is a fine volum, well illustrated, and publishe at Loraine, Ohio, for private distribution. Now out of print and un-obtainah

NOW, we hope, will soon come the third volum, which will deal in much detail with the Canadian Lie of The Lake Family as well as with other of my Ancestors. I have five families whome I trace to the middle sixteen thirtie

However the Canadian Royalist Lake Family does not come through Daniel Lake, of John, of Gravesend, L.I., who was one of the founders of Staten Isl-- and whd have furnished many Lake's of coniderable note. Dr Adams and Sarah Risley deal with this family to some extent, but its histry has never real been written. How fine it could be, should some member of that family, get THE URGE, to perpetuate their line in history.

A recent article on Staten Island, in The Saturated Evening Post, had something to say about the founders of Staten Island and mentions the Lake

Now this answer to your of Sept-4th. is late, but is trying to catch up on some Lake record, at any rate.

From Hoosiac Falls, I drove on to Wilmington, Delaware, as another Cousin I met at Hoosiac Falls, and who, too, is much interested in my quest, said he would check everything he could find in The City Library at N.Y. City, and which he has done. By the way he is a Scientist of considerable note, as a Chemist who has worked on THE BOMB.

I wended my way to Wilmington, Delaware, where another Cousin is in an important position with The Du Ponts organization. He has been greatly interested in my work, since becoming inoculated with what I am attempting.

He asked "who is going to publish your book?" I had to say I did not know, as several firms were interested therein. He said there was a man in the same building as he, who directed all the printing and publishing business for the Du Ponts. He called him, explained at some length, what I was attempting and was told to reach the General Manager of Scribners in New York, and say he sent him, and so put the matter up to him. This Mr. Lake did, reached him, talked for some fifteen minutes, then I was asked to get on the phone and we talked at considerable length. Asked when I hoped to have the manuscript ready, then was told to send it direct to him, with a covering letter relating our conversation and all about our conversation, then they would give serious consideration to its publication.

Had I gone direct to their office, I would have barely gotten inside the door, and been told the Manager was in conference etc and etc, and probably could not be seen at all, as they were having manuscripts offered every day and probably would not be interested. BUT, reaching him through Du Ponts, I got an immediate connection and response, as well. Was much encouraged.

Since returning I have been as busy as time would permit, working into my manuscript the data obtained from yourself and many others--which is some task--as the connection must sometimes be sought, before being written in. Such as dates from gravestones, etc. I have the record, but must determine who is involved and whose son James, etc was, as there are many of the various names, all through the record.

I have been able to prove that the Jacobus of Nicholas, involved in the 5,000 acre grant is the James of the grant. I have a copy of his will, in which both Jacobus and James are used of the same person. Too, that Garrett of White Creek, N.Y. cared for his fathers interests, as James did not remove to N.Y. but did own much land in N.J., while Garrett cared for his interests in N.Y. and died there. This Amith Lake-Quackenbush, of Hoosiac Falls, N.Y. is of his decedents as well as two men I had as parishioners in Iowa, of her family, who go back to Garrett Lake, of White Creek, N.Y.

So my work goes on and becomes more facinating all the time.

As soon--if I can get definite word as to your connection, I shall not wait as long before sending you word. Too, shall work out for your records much that I already have in hand.

With all good wishes to you and yours, for The New Year. I am.

Very sincerely,

*C. N. McMillan*
